

# BE SMART BE SAFE BE SEEN

## Drive Safely—Watch Carefully for Trick-or-Treaters

- Watch your speed!
- Children may attempt to cross mid-block or between parked cars.
- Look for children's shoes or costumes under vehicles to make sure they are not crossing between cars.
- Children may be difficult to see if they are wearing dark costumes.
- Children wearing masks may have an obstructed view of cars and traffic.
- Obey all traffic signs, signals and markings.
- If your children are trick-or-treating, make sure they follow the safety rules and that their costumes are visible and fit properly.
- When driving trick-or-treaters on their rounds, don't forget to use appropriate car seats and have children exit and enter the vehicle on the passenger side.
- Designate a sober driver if you plan to drink.

HAVE A Happy Halloween
