

**BEFORE THE HILLTOWN TOWNSHIP  
BOARD OF SUPERVISORS**

**APPLICATION OF  
CRICKET COMMUNICATIONS, INC.**

The applicant, **CRICKET COMMUNICATIONS, INC.**, has requested conditional use permission to establish a proposed F-6 use upon property owned by North Penn Water Authority, Bucks County Tax Parcel No. 15-1-61-1 and more particularly identified as being located at 2009 Clearview Road within Hilltown Township, Bucks County, Pennsylvania. The proposed use is a request to attach three (3) antennas to an existing water storage tank at a height of ninety five (95') feet above existing grade and to also place audio and electronic equipment at the base of the existing water storage tank on a four foot by eight foot platform with equipment and platform all within a proposed ten foot by twenty foot area surrounded by a six foot chain link fence. The existing water storage tank is owned by North Penn Water Authority; and currently has a height of one hundred feet (100') above existing grade; and the water storage tank contains cellular telecommunication antennas of two additional telecommunication facility users. The proposed utility use requires conditional use authorization pursuant to the existing Hilltown Township Zoning Ordinance.

The Hilltown Township Board of Supervisors advertised the conditional use hearing pursuant to the requirements of its Zoning Ordinance; and held a hearing at the Hilltown Township Municipal Building on Monday, March 24, 2008. Proof of Publication for the legal advertisement of said hearing is on file at the Hilltown Township administrative office.

Additionally, the Board accepted an Affidavit of the Hilltown Township Zoning Officer indicating that he had appropriately posted a Notice of the pending conditional use hearing upon the property. Further, the Board accepted the Affidavit of Lisa Faust, indicating that she sent a copy of the Legal Notice to all of the individuals listed by the Applicant as being adjacent property owners. Lastly, the Board accepted into the record a copy of a March 10, 2008 review letter of the Hilltown Township Engineer, C. Robert Wynn Associates, Inc.; and also accepted into the record the applicant's application and exhibits A-1 through A-7.

No visitors to the Hearing requested party status.

**DISCUSSION**

Pursuant to the Pennsylvania Municipalities Planning Code and the pertinent Sections of the Hilltown Township Zoning Ordinance, the Hilltown Township Board of Supervisors requested an offer of proof from the applicant's Attorney, Beatrice Lemanowicz, Esquire, as to the testimony that would be presented if the witnesses were to testify directly. The witnesses in attendance included Brian E. Seidel of Seidel Planning and Design and Paul Couvrette. Both witnesses were sworn in; and both testified that the information presented in Exhibit form and the information presented by the offer of proof by Attorney Lemanowicz

was accurate and presented what would have been their individual testimony if so given to the Board. The Hilltown Township Supervisors present for the hearing included Chairman Richard J. Manfredi, John B. McIlhinney and Barbara Salvadore. Additionally, Francis X. Grabowski, Esquire, Hilltown Township Solicitor was present. The Applicant was represented by Attorney Lemanowicz.

At the hearing, multiple Exhibits were introduced by the Applicant; and the Board received the offer of proof from Attorney Lemanowicz as well as certain direct testimony from the applicant's representatives in response to questions from the Board. All of the Exhibits, including A-1 through A-7, the application and all of the hereinbefore referenced items were made a part of the formal record of this matter.

The Hilltown Township Board of Supervisors (the "Board") has reviewed the various legal cases in the Commonwealth of Pennsylvania; and has determined that a conditional use is one which the governing body has determined to be not adverse in and of itself. Under the Hilltown Township Zoning Ordinance, F-6 utilities are permitted as a conditional use in each zoning district with certain conditions as enunciated. The parcel of property subject to this hearing is currently zoned LI-Light Industrial under the existing Hilltown Township Zoning Ordinance; and an F-6 utility use is permitted as a conditional use in said district.

The Board is also mindful of the fact that the existence of a conditional use provision in a zoning ordinance indicates generally that the use is consistent with the zoning plan of the Township. We are further of the opinion that we must grant a conditional use where the Applicant has demonstrated compliance with the specific requirements set forth in our Ordinance. The burden is upon those who would protest the use to come forward with substantial evidence that the proposed conditional use, if created, would be detrimental to the health, safety or general welfare of the public. We are of the opinion that this has not occurred in this instance. Aesthetics, general fear and speculation do not constitute substantial evidence to indicate a substantial threat to the community. The applicant in this case has demonstrated compliance with the objective standards of our Ordinance; and has further demonstrated that the proposed use falls within the given category specified within the Ordinance.

The offer of proof by applicant indicated that there is an existing water storage tank located upon the site which enjoys a height of one hundred feet (100') above existing grade. The water storage tank is currently owned by North Penn Water Authority; and has, by lease, granted permission to Applicant to attach its proposed three (3) antennas upon the water storage tank at 95 feet (95') from grade level. The telecommunications equipment would be located at the site of the existing water storage tank. The Exhibits provide proof of ownership, assignment of lease, structural analysis report, Federal Communications Commission compliance report and other documentation. The Exhibits, the offer of proof and the testimony of the representatives of the Applicant have provided adequate proof that the proposal meets the general provisions of the Hilltown Township Zoning Ordinance Sections and also is in conformity with the requirements of the Hilltown Township Engineer review letter of March 10, 2008.

Based upon the testimony, the offer of proof and the evidence presented at the hearing, the Hilltown Township Board of Supervisors, following public discussion and due deliberation, makes the following Findings of Fact and Conclusions of Law.

### **FINDINGS OF FACT**

The applicant, CRICKET COMMUNICATIONS, INC., submitted evidence of its ability and standing to make application to the Hilltown Township Board of Supervisors for conditional use application with the submission of Exhibits A1 through A7 all for the purpose of requesting conditional use permission to install three (3) antennas to the existing water storage tank located at 2009 Clearview Road (Bucks County Tax Parcel No. 15-1-61-1) under and subject to the provisions of the Hilltown Township Zoning Ordinance Section 160-23.F6.
