

April 16, 1960

The regular monthly meeting, of the Hilltown Township, Board of Supervisors, was called to order by the Chairman, Mr. Frankenfield. Due to the absence of the secretary who has been hospitalized, Mr. Frankenfield, appointed Mr. Agin, to act as secretary for this meeting.

Mr. Dick McCoach, attended the meeting to discuss the proposed budget, the feasibility of a full time police force, and requested answers to many questions pertaining to general township government. Among these questions was one that was directed to Mr. I.D. Derstine, requesting knowledge as to the duties and salaries of the Constable of Hilltown Township, and the duties and salaries of the appointed police of Hilltown Township Mr. Derstine, who being the elected Constable and one(1) of the appointed police of the Township, answered the questions of Mr. McCoach, as they were directed to him.

Whereas at the last meeting held on April 2, 1960, the bids for crushed stone were opened and read. Whereas the 2nd. class township code states, construction material will be awarded to the lowest responsible bidder. The Board then discussed the bids from the following quarries.

- General Crushed Stone.
- Derstine Quarry
- Tohickon Stone Quarry
- Bucks County Crushed Stone

All quarries being represented with the exception of the, Tohickon Stone Quarry. The Board having no knowledge of the new management of the Tohickon Quarry, who was the lowest bidder, awarded the bids to the Derstine Quarry, he being the next lowest bidder.

Whereas, after much discussion later with the Tohickon Quarry, and The Derstine Quarry The Derstine Quarry elected to withdraw their bid, thus the Board then on April 16, 1960 awarded said stone contract to the Tohickon Quarry.

The proposed budget after being on display at the home of our secretary Mr. Abram K. Yothers, for the legal required time, was then presented for adoption. Upon a motion from Mr. Hockman, seconded by Mr. Frankenfield, the budget and new Tax rate of 4mills was approved by a favorable vote.

Mr. Everett Garrett, requested a permit for the use of a fuse rope (firecrackers) Motion by Mr. Frankenfield, seconded by Mr. Hockman, said permit was then issued.

A resolution was adopted to withdraw and revoke the proposed highway budget figures and substitute a revised budget and forward same to Highway Dept.
